

BULBS AND WILDFLOWERS AT BROCKLANDS

At Brocklands we only use native trees and plants. Increasingly, families want to be involved in planting flowers on graves themselves and so in response to this we have put together the following wildflower collections. These are available from January onwards for the bulb collections, and usually from March onwards for the Wildflower Collections. All the plants come from a specialist native nursery in Northern England.

Prices include vat and p&p to Brocklands, with reductions available for larger quantities and selection from more than one category. If you wish to pay by credit/debit card, or by bacs transfer please ring us on 01729 840102, or email: info@brocklands.co.uk. Alternatively you may order by letter with an appropriate cheque.

Bulb Collections

Option 1 - 50 bluebell and 50 snowdrop - £ 24

Option 2 - 50 bluebell, 50 snowdrop, 25 wild daffodil - £ 36

- **Native Bluebell** - *Hyacinthoides non-scripta*
Flowers in May - violet-blue, hanging, trumpet-shaped blooms with sweet scent. Available for planting 'in the green' in February.
- **Snowdrop** - *Galanthus nivalis*
Flowers in February/March; delicate nodding white heads with green centre. Available for planting in January/February 'in the green'.
- **Wild Daffodil** - *Narcissus pseudonarcissus*
Flowers in March/April; nodding yellow flowers, smaller than garden subject. Available for planting February to April 'in the green'.

Wildflower Collections
